

Nurses With Needs: A HotWife Bundle

Three sizzling stories of a HotWifes journey from her nervous first time to a set of threesomes where she puts it all on the line... Nurse Janelle is a bundle of sexual frustration. She and her husband have careers that hardly allow them the time to speak to each other, much less have the type of hot and unprotected sex that curvy Janelle so desperately craves. Shes about to explode and not in the good way, when former SEAL and all-around bad-boy Bryce comes into her ER as a patient and his flirting (and rock hard abs) remind Janelle of all the sex she should be having. Thats when her husband gives her the greatest gift of all: permission to go all the way with her bad-boy patient. And things only get hotter from there... This 18+ Bundle contains stories of hot unprotected action, threesomes, domination, submission, handcuffs, ties, and one woman exploring every naughty thing her heart desires.
