

## Drunk Enough to Say I Love You? (NHB Modern Plays)

A man falls in love with America and leaves his wife and children for fifty years of love and adventure with Sam. startling... Having dealt in the past with the politics of sex, Churchill puts the sexuality of politics centre stage - Guardian radiates quiet fury... Churchills focus and target is Americas broader foreign policies and Britains supposed complicity in them... her play is a phenomenon: a very topical manifestation of mistrust, anxiety and, yes, anger - The Times a smoulderingly droll and deadly allegorical conceit... wickedly witty - Independent No other writer can achieve what Churchill now does, which is to convey a universe of feeling in a minimal, stripped back artistry. Though completely dissimilar to Beckett and Pinter, she is surely now in their class - Whatsonstage.com
