

Goethe (Classic Reprint)

Excerpt from Goethe With peculiar reference to his universality, Goethe has been called the Voltaire of Germany. But the comparison is unjust to him. His genius was of a higher order; and he hears to German literature as a whole, the same relation which Voltaire bears to the French literature of the eighteenth century. In the opening lecture of a remarkable series at the University of Berlin, it was recently stated, broadly and unequivocally, Goethe has created our literature and our speech. Before him, both were without value on the world-mart of the nations of Europe. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
