

The Fall of Arcadia: An Arcadian Wars Novella

How do you win a war against an enemy you cant touch? When a group of Arcadian explorers found clues leading to an ancient portal, they believed it would shed light on their past. None of them could have foreseen that their search for knowledge would unleash a powerful and ruthless enemy that sought to destroy everything in its path. Stranded in a foreign country without means of communication, soulmates Samiah and Malachiax must find a way home. They embark on the most important journey of their lives, travelling through the harsh Arcadian desert where any mistake can be deadly. But the stakes are too high and there is no turning back. Read the riveting prequel to The Prophecy of Arcadia and learn how everything started. *Note: Due to strong language and mature content this book is recommended to readers 17+. This is a Sci-Fi/Paranormal Romance novella.
