

The Heather-Moon

For the first time in her life, Barrie saw the door that led to the garret stairs standing ajar. It was always, always locked, as is correct, though irritating, for a door that leads to Fairyland. In Barries Outer Life that her grandmother knew, and Miss Hepburn knew, and Mrs. Muir the housekeeper knew, there was Heaven be praised! no romance at all; for romance is an evil thing, still worse, a frivolous thing, which may be avoided for a well-brought-up girl though whopping-cough may not; and already this same evil had wrought vast damage among the MacDonalds of Dhrum. In the Inner Life of Barrie, however, there was nothing worth thinking about except romance; and the door of the garret stairs was one of the principal roads to the forbidden land.
