Alice came to the meeting to get help and support, but help came in a different form. Alices troubled life is interrupted by a hunky, dark haired temptation who likes his women bigger, but gaining weight to suit his fancy is just the start of her transformation. This is the first book in the Feed And Seed series. Warning! This imaginative 7500 word story contains adult content far too arousing to mention in the blurb, including, but not limited to: impregnation, erotic feedings, body transformation, tentacle probings, and other-worldly, erotic alien fun. Mature audiences only.
